Wall Sconce

Like dewdrops under a forest canopy, the Autumn Twilight collection displays glistening glass beads that cascade from organic leaves and branches. This nod to nature gets a modern twist with a Black Iron finish making it a natural in contemporary settings. Candelabra bulbs provide an inner source of illumination that causes the light to sparkle and reflect playfully off the countless gleaming surfaces sparking both curiosity and conversation. With faceted crystals, this wall sconce is an eye-catching accent that can be hung individually or as a set.
